NOTIFICATION DATE		DELIVERY MODE		
10/16/2009		ELECTRONIC		

Please find below and/or attached an Office communication concerning this application or proceeding.

The time period for reply, if any, is set in the attached communication.

Notice of the Office communication was sent electronically on above-indicated "Notification Date" to the following e-mail address(es):

mailroom@bskb.com

DETAILED ACTION

1. Applicants' proposed claim amendment, filed on 10/05/2009, is not entered because the new limitations of claims 1, 4, 9, and 10 require further consideration and/or search.

Response to Arguments

Applicants' arguments filed 10/05/2009 have been fully considered but they are not persuasive.

Most of Applicants' arguments directed to the new claim limitations and will not be addressed here. Only arguments that are related to the previous rejection will be addressed below.

2. Applicants argue that the controller function are not taught in the prior arts, despite being intended use. See the bridging paragraph of page 9 and 10.

This argument is found not persuasive.

'923's controller #74, controlling various valves, is capable of alternately supply of the one gas after another, therefore, met the structure requirement of the claim. The functional part is merely intended use of the apparatus does not add other structure limitation. Note Applicants did not point out any structure difference of the controller.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to KEATH T. CHEN whose telephone number is (571)270-1870. The examiner can normally be reached on 6:30AM-3 PM EST.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Michael Cleveland can be reached on 571-272-1418. The fax phone

Art Unit: 1792

number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
